

# Towards the first light

## Aurore Brackets

Five different lengths and inclinations allows the Aurore bracket to adjust and dodge some obstacles that would prevent good lighting in the street, parks or living areas.

### Benefits

- Compatible with our Accante range of conical poles

### Features

- Available in single arm, double arm, pole-mounting and wall-mounting versions
- Length range: 950, 1200, 1250, 1400 or 1500mm
- Luminaire fixing: side-entry or suspended

### Application

- Parks and squares
- Roads and streets
- City centers
- Residential areas
