Product Identity Declaration

Dear Madam, Sir,

As a responsible and pro-active company, Signify is committed to supply products that are designed and tested according to internal performance and quality criteria.

With these terms Signify declares that the below mentioned **Reference models** are the basis for **New product models**. The **New models** differ in firmware update, that allowed extension of DALI functionality, and in updated version of NFC tag, which is not impacting rest of hardware, and which performance was verified in performed tests and found compliant. Therefore keeping in mind previously mentioned differences we can state that the **New models** share the same electronic hardware with **Reference models** and have similar product specification.
