

Maxos fusion

LL500Z MOD-DE SI

Maxos fusion, Accessory

Maxos fusion is an adaptable LED trunking system that offers an excellent quality of light while more than halving energy costs compared to fluorescent lamps. For retail applications, a family of linear panels, non-linear modules and a spot portfolio can be smoothly integrated into the track backbone to let your merchandise sparkle and stand out. For industrial applications, the focus is on reducing installation and maintenance cost by using fewer linear panels. With the electrical set-up of up to 13 wires, the freedom to position these fixtures as required and the integration of other services/third-party hardware, the system allows you to reduce ceiling clutter. It can also be easily re-configured to accommodate future lay-out changes. The infrastructure is enabled to integrate sensors for data collection, giving you the opportunity to use insightful granular information to support your business.

Product data

General Information	
Angle	-
Accessory color	Silver
Product family code	LL500Z [Maxos fusion Acc.]
Value ladder	Specification
Operating and Electrical	
Input Voltage	220 to 240 V
Line Frequency	50 to 60 Hz
Mechanical and Housing	
Overall length	350 mm
Overall width	62.5 mm
Overall height	40 mm

Overall diameter	0 mm
Dimensions (Height x Width x Depth)	40 x 63 x 350 mm
Material	Polycarbonate
Approval and Application	
Ingress protection code	IP20 [Finger-protected]
Mech. impact protection code	IK02 [0.2 J standard]
Protection class IEC	Safety class I
Product Data	
Order product name	LL500Z MOD-DE SI
Full product name	LL500Z MOD-DE SI
Full product code	871869699842700
Order code	910925865365
