Whether it is to offer high visual comfort; enable beautiful impressive accents; provide cozy lighting ambience; obtain seamless integration to a false ceiling; or simply have water splash and dust protection; there is always a right option for you with GreenSpace Flex.

Warnings and Safety

- The luminaire should be installed and disassembled by a qualified electrician and wired in accordance with the latest IEE electrical regulations or the national requirements, as per the product mounting instructions.
- Both a module (RS378B) and a frame accessory (RS378Z) must be ordered for a fully functioning luminaire configuration. Driver is a part of the module and is external.
- Module and Frame accessory should be compatible, both having the same diameter value in designation expressed as “Mxx” (e.g. M43 or M55)
