

CertaFlux LED panel gen 2

CertaFlux LED Panel 30120 830 MD2

CertaFlux LED gen 2 side-lit panels are ideal for general lighting applications where a good, even light surface is needed. There are versions which can comply to UGR <lt/>19 and versions for UGR <lt/>22. The range includes different dimensions to match the ceiling of your application. This CertaFlux solution is a reliable product with specifications that are good enough to ensure we can provide you with an attractive product that easily complements your portfolio. The panels are a good match with CertaDrive drivers.
