

Towards the first light

Aurore Brackets

Five different lengths and inclinations allows the Aurore bracket to adjust and dodge some obstacles that would prevent good lighting in the street, parks or living areas.

Benefits

- Compatible with our Accante range of conical poles

Features

- Available in single arm, double arm, pole-mounting and wall-mounting versions
- Length range: 950, 1200, 1250, 1400 or 1500mm
- Luminaire fixing: side-entry or suspended

Application

- Parks and squares
- Roads and streets
- City centers
- Residential areas
