# Exactly the **lighting** **experience** you intended

**Philips StagePainter D60 2000** – Takes LED to a new level of performance

Exactly the lighting experience you intended, time after time after time. The lighting experiences you create have the power to captivate audiences and turn a performance into something magical. To bring out the best in your talents, you need fixtures that maximise your scene-setting capabilities and recreate them perfectly. Now you can do just that with StagePainter D60 2000 – a system that's so flexible and controllable, it can paint exactly the scene you imagined with brilliant LED light.

StagePainter puts creative freedom and lighting control at your fingertips with integrated colour mixing and an easy to use interface. Bring your ideas to life in an endless palette of fast, tunable, white or coloured light. Play with colour, intensity, hue and saturation to light breathtaking moods and dynamic effects. Then recreate them flawlessly, fixture after fixture, night after night.

## Features

Smart system (LED + Driver)  
Internal colour feedback mechanism  
Integrated colour mixing  
High colour purity  
Dimming to 0 without visible steps  
Adjustable Tc: 2700-6500K  
Improved transition time

## Benefits

Easy to design-in and easy and intuitive interface  
Internal colour feedback mechanism  
Integrated colour mixing  
Nice saturated colours can be displayed  
Smooth dimming  
Allows perfect control of colour temperature and light output level, ideal for TV studio  
Fast strobing possible

## Light Technical Characteristics

Type  
Light Output (lm)  
Dimming (%)  
Colour Temperature (K)  
Colour Rendering index  
RGB gamut  
Colour consistency initial / at 10 k hrs (SDCM)  
Lumen maintenance (W)  
Power (W)  
Efficacy LED module + driver (lm/W)  
Input Voltage (V)  
Input Frequency (Hz)  
Control Interface  
TC max (°C)  
Burning position
